

Friendship Bracelets

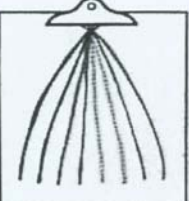

A friendship bracelet has a knot as a symbol of a friendship that can't be broken. Arizona is a place where friendships are made. Let your friends and family know how special they are with a hand made friendship bracelet.

Arizona Color Suggestions:

- ❖ Liberty Blue
- ❖ Western-Setting-Sun Yellow
- ❖ Cactus Green
- ❖ Copper Star
- ❖ Mining Silver
- ❖ Cardinal Red
- ❖ Sunburned Pink
- ❖ Javelina Brown
- ❖ Wild Flower Violet
- ❖ Pumpkin Orange
- ❖ Gem Turquoise
- ❖ Diamondback Rattler Black
- ❖ Saguaro Flower White
- ❖ Desert Sand Tan
- ❖ Prickly Pear Purple

Combine any of these colors, then follow the directions and make a bracelet for all your friends...and one for yourself!

Use four colors of string - two strands of each color, each about one yard in length.

1. Start by making the overhand knot and installing the string on your clipboard - arrange the strings with matching colors next to each other.
2. For this project the two strings of the same color will be used together as if they're one string.
3. Start with the first two strings on the right and use them together to do the basic knot around all the other strings held together as a group. Pull the knot tight. Repeat these knots until you have a single color slide about one inch long.
4. Then use the next pair of strings to knot around all the others for an inch length also. Continue this way until your bracelet is as long as you wish. End your bracelet as usual with the overhand knot.
