

Tilda the Moreland Truck

This 2½ ton Moreland truck was known as Tilda by employees of O'Malley's Lumber Company. Moreland trucks were built in Burbank, California from 1914 to 1941. O'Malley's of Phoenix purchased four Moreland trucks in 1925. In 1937, Tilda was used to deliver building materials throughout central Arizona during the construction boom after World War I.
