

What do I look like? Draw me!
Navajo Medicine Man

I am very tall and thin. I have dark hair, though most of it is hidden inside my tall, round hat. My face is round in shape. And I have a very strong chin.

I am wearing the traditional Navajo clothing. I am wearing a long sleeved wrap tied right in the middle of my chest. I have baggy pants on that reach the middle of my calf. I have a medicine bag that is strung across my chest. My shoes are thick skinned and are tied around the ankle.

In my hands is a traditional medicine cane.
